How to face the challenges of the future?

Bachelor of BUSINESS ADMINISTRATION with Informatics (B.A.)

Prepare yourself for the future on Soest International Campus

The South Westphalia University of Applied Sciences, Soest Division, offers a modular undergraduate study course in Business Administration with Informatics.

This course is offered in co-operation with the Swiss-German University (SGU), Jakarta, Indonesia.

General Information

Due to this cooperation, we are able to offer two degree options:

- German B.A. degree.
- Double degree:
German B.A. degree + Swiss-German University Bachelor Degree combined.
For this "double degree" Swiss-German University Asia enrolment is necessary, additional fee is 400.-- € per semester.

Double degree characteristics:

- Parallel enrolment at Swiss-German University,
- no additional studies, no additional subjects, no additional exams.
- The German Bachelor Degree has been implemented recently. The degree of the Swiss-German University is internationally also recognized.

Since co-operation with SGU is our priority, the majority of places in our course are reserved for double degree applicants. Hence, double degree applicants would have a better chance of getting admitted.

Where

All lessons take place in Soest, Germany. The University Division of Soest is a rather small but efficient campus. Consequently, students enjoy a very close supervision by their professors. Studies can also be absolved in the parallel program of the Swiss-German University in Jakarta (for double-degree applicants only).

Course Language

All modules are taught in English language.

Duration

The course can be completed within seven semesters.

Dates

There will be only one student intake per year in October. Applications for the winter semester will be accepted starting from January - Deadline: 15. July.

Who

The course requires equivalency of typical university of applied sciences entrance qualification. A good command of English, both spoken and written, must be proved by TOEFL score 550 (213 comp.based) or IELTS band 6.0 or an interview at Campus Soest.

Status

Participants will be registered at South Westphalia University and, if going for double degree, at Swiss-German University as well.

Accreditation

The BBA course has been officially accredited in 2006 by ZEvA (www.zeva.uni-hannover.de) in Germany. Degree: Bachelor of Arts (B.A.)

Tuition fees and expenses

As a result of the new university law of the federal state "Nordrhein-Westfalen", the South Westphalia University of Applied Sciences will charge from the winter semester 2006/07 on study fees of 500.-- € for each semester.

If „double degree“-option is chosen, study fees of **400.-- €** for each semester for the Bachelor degree has to be paid additionally to our partner, the Swiss-German University (SGU).

Average cost of living in Soest is approximately 600.-- € per month, including accommodation. A detailed expenditure list can be downloaded.

Accommodation

After confirmation of participation in the course, university authorities will support you in finding a room.

Job Opportunities

Job opportunities can not be assured to prospective students. Foreign countries participants have to verify that they can bear the costs without any additional income.

Scholarships

In general, the university cannot offer any kind of scholarship.

Application Procedure

Submit application with certified copies until July 15. to:

- a) Applicants from EU-Countries:
(+Iceland, Norway and Lichtenstein)

Hochschulabteilung Soest
FB Elektrische Energietechnik - BBA
Lübecker Ring 2
D-59494 Soest / Germany

- b) Applicants from non EU-Countries
Please contact the BBA-Office for details!

Applicants who are selected for participation will be informed immediately.

Payment of course fees is the basis for official enrolment. The German enrolment is required by the German embassy for the issue of visa.
